

# **Cookie Policy**

*Last Updated: 15.05.2024*

## **1. Types of Cookies**

### **1.1 Necessary Cookies**

#### **Essential Cookies:**

The platform uses essential cookies necessary for proper functioning, enabling navigation, logging in, and other basic functions.

#### **Analytical Cookies:**

These cookies collect anonymous information about how users interact with the platform, helping to optimize and tailor it to user needs.

## **2. Managing Cookie Settings**

### **2.1 Browser Options**

#### **Browser Settings:**

Users can manage cookie settings through options available in their web browser settings. Most web browsers by default allow cookies to be stored on the user's device. Users can configure their web browser to partially or completely disable cookie storage on their device. Not changing these settings implies acceptance of the use of cookies.

#### **User Consent:**

Using the platform signifies consent to the use of cookies. Users can change their preferences at any time, depending on the type of browser they are using. In most web browsers, users can: delete cookies from their computer's hard drive (via browser settings), block all cookies, or set a warning before saving cookies on the disk. External services to which this platform may link might use different cookies than those mentioned above. The administrator of this platform is not responsible for privacy policies on other sites. Upon visiting other sites, users should familiarize themselves with the privacy policy set there.

## **3. Consequences of Refusing Cookies**

### **3.1 Functional Limitations**

#### **Platform Functionality Restrictions:**

Refusing to accept cookies may affect the functionality of some platform elements, such as logging in, content personalization, or statistical analysis.
