

Terms of Service

Last Updated: 15.05.2024

1. Terms of Use

1.1 Conditions of Use

Registration and Account:

Users are required to provide accurate information during the registration process on the platform. The platform reserves the right to verify certain data and, in case of any discrepancies, to suspend or delete the account.

Collaboration Rules:

Users must respect each other and maintain professional conduct during collaboration. Any actions violating good manners, copyright, or platform rules are prohibited.

Access to Resources:

The platform provides access to resources based on the user profile. However, it does not guarantee the availability of all resources to unregistered users.

1.2 Collaboration

Inter-University Collaboration:

The platform supports collaboration between universities, encouraging the exchange of knowledge and experiences. Each university is responsible for defining its own collaboration and participation rules in projects.

Access to Resources:

Users must use resources in accordance with the applicable terms of service. Failure to comply with the terms may result in restricted access to certain resources.

1.3 Liability and Sanctions

User Liability:

Users bear full responsibility for all content, communications, and actions posted on the platform. The platform is not liable for any damages resulting from improper use of services.

Sanctions:

The platform has the right to impose sanctions for violations of the terms of service, including account suspension, access restriction, or account deletion. The final decision on sanctions rests with the platform administrators.

2. Privacy Policy

2.1 Types of Personal Data

Identification Data:

The platform collects identification data such as name, surname, and profile picture to personalize the user experience and ensure the proper functioning of the platform.

Contact Data:

As part of the communication functions, the platform collects contact data such as email address and phone number to facilitate communication between users.

Educational and Professional Data:

The platform stores information regarding the university, field of study, and job position, enabling personalized delivery of educational content and the formation of appropriate collaborative groups.

2.2 Data Security

Data Encryption:

All data transmitted and stored on the platform is encrypted to protect it from unauthorized access.

Access Security:

Access to personal data is restricted and only possible after user authorization. Additionally, all data processing operations are monitored.

2.3 User Rights

Right of Access:

Users have the right to request access to their personal data stored on the platform.

Right to Modify:

Users have the right to correct their personal data at any time through the account settings panel.

Right to Delete:

Users have the right to delete their data from the platform.

Right to Restrict Data Processing:

Users have the right to request the restriction of processing their personal data due to their particular situation.

Right to Lodge a Complaint:

Users have the right to lodge a complaint with a supervisory authority if they believe that their personal data is being processed in violation of regulations.

3. Educational Terms

3.1 Access to Educational Materials

Access Conditions:

Access to educational materials depends on the user's status (student, lecturer, entrepreneur) and the agreements between the universities and the platform.

3.2 Organization of Courses and Training

Requirements for Instructors:

Instructors are required to provide up-to-date and accurate materials and maintain high teaching standards.

Participation:

Conditions for participation in courses and training are set by the instructor, with the possibility of being specified by the participants.

3.3 Student and Lecturer Collaboration

Collaboration Platform:

The platform enables effective collaboration between students and lecturers through resource sharing, communication, and organization of group projects.

Team Projects:

Students are encouraged to form project teams, promoting an interdisciplinary approach and inter-university cooperation.

4. Scientific Terms

4.1 Research Teams

Formation of Teams:

The platform allows users to form research teams based on their interests and skills. Search mechanisms for scientific partners and access to an expert database facilitate effective connections among individuals from different universities.

4.2 Access to Scientific Resources

Open Access:

The platform promotes the principle of open access to scientific resources. Users have the opportunity to share their research results, promoting the free flow of knowledge.

5. Business Terms

5.1 Entrepreneurial Contacts

Entrepreneur Profiles:

Entrepreneurs can present their activities and offers on dedicated profiles, enabling effective contact with universities and students.

Contact Facilitation:

Mechanisms are provided to facilitate contact between students, lecturers, and entrepreneurs for gaining practical experience. The platform encourages idea exchange and joint projects.

5.2 Requirements for Entrepreneurs

Terms of Use:

Entrepreneurs are required to adhere to the platform's terms of use. Violation of these terms may result in restricted access to business functions.

Promotion of Innovative Solutions:

The platform actively supports and promotes innovative entrepreneurial projects. Access to a project database and the ability to present one's initiatives help entrepreneurs build their brand effectively.

5.3 Promotion and Collaboration

Promotion of Initiatives:

Entrepreneurial initiatives are supported and promoted on the platform through dedicated sections and active social media support.

Collaboration between Educational and Business Institutions:

The platform facilitates and supports collaboration between educational institutions and entrepreneurs. Organizing joint events and projects is an integral part of business functions.

6. Collaboration and Ethics Policy

6.1 Ethics Rules

Conduct Rules:

The terms of service outline basic conduct rules for all platform users, supporting an atmosphere of respect and cooperation.

Prohibition of Harmful Actions:

There is a clearly defined prohibition of any actions that may harm other users or the platform itself. Violations of these rules result in sanctions.

6.2 User Responsibility

Content Responsibility:

Users bear full responsibility for the content they post on the platform. Creating an environment free from harmful or unethical content is a shared goal of the community.

Co-responsibility for Collaboration:

The principles of co-responsibility for the outcomes of collaboration on the platform are an integral part of the terms of service. Each participant is obliged to take actions that benefit the community.
